OUR VISSION

To be recognized as a company and partner of choice in the Nigerian oil and Gas industry for delivering on our promises, pioneering new opportunities and approaches and bringing value to our industry, shareholders and community.

OUR MISSION

- Our mission is to make a long-term difference in our industry and earn the trust of our **partners and shareholders** and to perform all projects to the complete satisfaction of our customers in terms of timing and cost. At the same time, we perform our work to the expectation of our clients with respect to health and safety and security requirements.

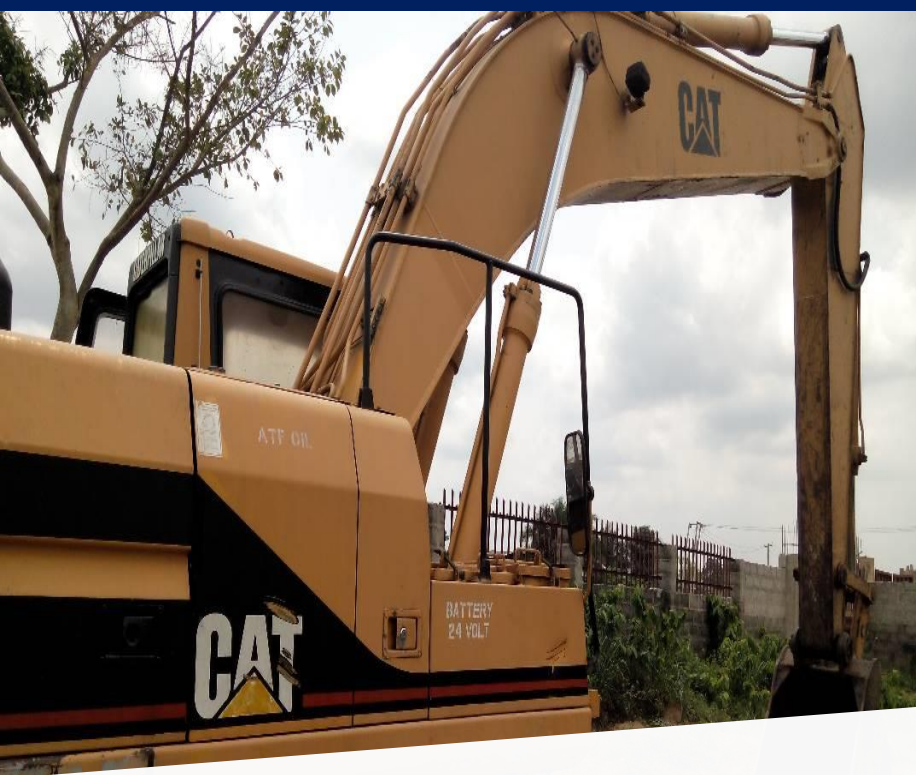

COMPANY OVERVIEW

ALEKI OIL AND GAS LTD. is a registered private limited liability company incorporated under the Nigeria Law, since 9th, August, 2018. and commenced business operations immediately. **ALEKI OIL AND GAS LTD.** is an indigenous diversified company that renders services in land and marine logistics and construction, engineering services and construction, manpower supply, procurement and materials distribution, environmental management and waste disposal to the oil and gas industry. **ALEKI OIL AND GAS LTD.** also provides specialized services in Engineering, procurement, construction, commissioning, start-up and maintenance for on-shore and off-shore Oil and gas projects, Flow line and pipeline construction, chemical IPetrochemical plants, flow stations, terminals, industrial installations and major Civil works.

Our unique selling point is our ability to harness local resources to provide quality Engineering service in the safest possible manner with minimal impact on the environment. We are able to achieve quick reaction time to our work. Our Operational sites are equipped with good communication facilities on 24-hour bases and our accommodation bases have adequate recreation facilities for the crew on-board

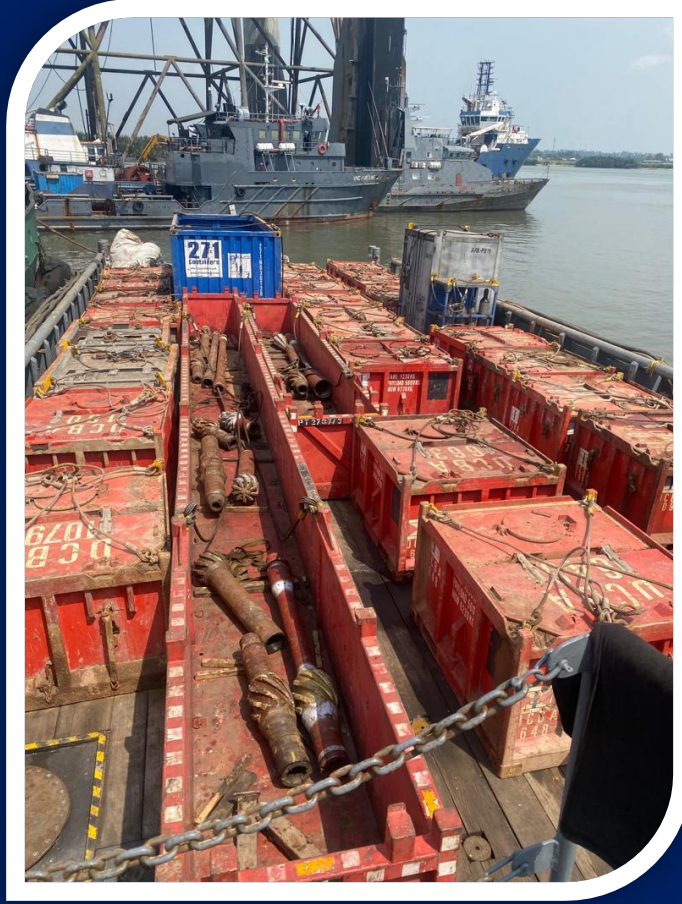

The Company has numerous construction equipment for both land and marine operations at its disposal. Our health, safety and environment manual are available for verification and we intend to abide by the laid down procedures and plans therein stated, so also is our relationship with host communities where we shall be executing our projects.
